JAN 13 1981

Dear Senator Lipman:

I don't think they should cut these services. Where would we go if they cut the Medicaid expenses of the Day Center. We don't want to stay home because then we would be lonely.

I really don't have anyone to be with so therefore I depend on being at the Day Center. It's a home away from home.

I hope you will hear my plea.

Sincerely,

Harriet King
